

# Robber Barons of the Red Shield

The Rothschild family are top bankers in society and own various investment firms and businesses and hold titles of nobility in France, Austria and the United Kingdom. Lynn Forester de Rothschild is CEO of E.L. Rothschild and her British knighted husband Evelyn de Rothschild is a financial adviser for Queen Elizabeth II. Their son David Mayer de Rothschild hypocritically pushes environmentalist propaganda used to oppress everyday people while the rest of his family is involved in mining, corporate consumerism, banking monopolies, and forcing natives off their land. David Mayer de Rothschild can be seen wearing the red string Kabbalah bracelet for the Gevurah which represents anger, fire, and holocaust. David Meyer de Rothschild is a high level authority over the Kabbalah Centre and its Hollywood members and he is ruthless, depraved, thieving, blasphemous and all around evil. David Meyer de Rothschild also manages the well paid YouTube shill Paul

Romano. David's sister Jessica de Rothschild sacrifices children. Jessica de Rothschild manages the Rothschilds charity racket the ERANDA Foundation which like all charity rackets does some help for people as its disguise and then also uses it for criminal financing and bribes usually related to child trafficking. Baron Jacob Rothschild is another British banker and the Baron in Hertfordshire, England. His son Nathanael Rothschild resides in Switzerland and works as co-chairman of Asia Resource Minerals. Baron David Rene de Rothschild is the head of the French family branch and is Chairman of N M Rothschild & Sons as well as a top executive for other financial and merchant institutions like De Beers and Groupe Casino. De Beers is a diamond company. Jewelers are often involved in money laundering and criminal payoffs because jewelry does not really have a fixed value. They can manipulate the price for money laundering. His son Alexandre Guy Francesco de Rothschild is also an executive for N M Rothschild & Sons. David Rene de Rothschild's wife is Princess Olimpia Aldobrandini of Roman Black Nobility. Eric de Rothschild is a British-French banker that manages and partly owns Paris Orleans holding company which absorbed into Rothschild & Co. Edouard de Rothschild is another French banker and head of the Rothschild & Cie Banque with David Rene de Rothschild as a senior partner. The House of Rothschild are used to monopolize wealth and use their banks for funneling cash through for pay offs to corrupt businessmen and politicians disguised as fake investments. The Clintons are known friends of the Rothschilds. Baron Norman Lamont of Lerwick is a British noble and politician that previously worked as director of Rothschild Asset Management and as Chancellor of the Exchequer. The Rothschilds were first employed by the German House of Hesse and they still employ the Swiss Rothschilds with Baron Benjamin de Rothschild. The German Rothschilds had business deals with the Bleichroeder family and they created Arnhold & S. Bleichroeder investment bank in New York which was purchased and renamed First Eagle Investment now owned by Blackstone. Baron Cyril de Rothschild-Goldschmidt is the current head of the German Rothschilds and a baron under the House of Hohenzollern.

Baron Benjamin de Rothschild holds an Austrian title of nobility today and is the head of Edmond de Rothschild Group along with his wife Ariane de Rothschild and they reside in Switzerland where there are banking secrecy laws. His mother is Baroness Nadine de Rothschild. Benjamin de Rothschild partly owns Faro West Lobeke hunting company which has been involved in forcing natives off their land so they can hunt endangered species. Benjamin de Rothschild's banks operate in Israel and he is managing secret bank accounts for the criminals running Israel. His great grandfather Baron Edmond James de Rothschild was premeditatedly involved in large land grabs in Palestine at the end of the 19th century and before the British Crown seized the land during WWI. The Rothschild family are married in with various

Kabbalistic-Jewish bankers like the Goldsmith and Sassoon families. The Rothschilds are involved with Freemason and have the Ferdinand de Rothschild Lodge in Aylesbury. The Concordia Lodge was created to honor the Rothschilds. The wicked Rothschild family are propped up as the leaders of the global crime syndicate to deflect from the higher level royalty they work for and to shift all blame onto Jews as part of their Nazi agenda. There are thousands of videos on the internet claiming they own all the central banks and are worth 500 trillion dollars. The high level royal and noble families claim ownership over corporate governments and central banks and have been concealing trillions in private banks. The Rothschild family are one family among many. The Rothschild family are vaguely mentioned the "guardians of the papal treasure" in the Jewish Encyclopedia. The Rothschilds have banking contracts with the Torlonia family who are the Vatican's treasurers. Roth-schild means "red shield." Guardians and shields are not owners. The Rothschilds guard the Torlonias which own the only private bank in Italy called Banca del Fucino. They are extremely evil Court Factors working for royal and papal courts. The British Rothschild family are barons and knights under the House of Windsor. I believe the Rothschild family were various banking families of northern Italy which merged to become one dynasty. The Bardi family of Florence that financed the English Crown with hundreds of thousands in gold which was never paid back appear to be part of the British Rothschild's ancestry. The Rothschilds are currently married with the Tomassini family which have been a noble family of Florence. The French Rothschild branch seems to be related to a mixture of Venetian and Genoese banking families. The French Rothschild family are married in with the Aldobrandini and Brandolini families of Italy and they work for the Roman Curia and are in banking contract with the Borghese-Torlonia owned Banca del Fucino. The Aldobrandinis have a statue of a reaper at their tomb. The Jewish gangster rappers Ill Bill and his brother Necro work under the Rothschilds and Aldobrandinis. Necro means death. The Rothschilds are not descendants of actual Hebrews, Judeans or Israelites and instead are a mixture of Babylonian, Edomite, and Ashkenazi. David Lau is the Chief Ashkenazi Rabbi of Israel and serves the Rothschilds. David Lau is a sadistic psychopath who lies and slanders people constantly. Many rabbis cannibalize the private parts of babies and suck the blood from genitals after circumcision which is a demonic practice created by Babylonians. The Rothschilds are Saturn worshiping frauds who claim to be something they are not out of insecurity. The Rothschilds are ruthless evil and they need to be hunted down and exterminated.

Baron David Rene de Rothschild with his wife Princess Olympia Aldobrandini de Rothschild. The French Rothschilds are loyal to the Black Nobility and House of Bonaparte. The French Rothschilds are currently the head of the Rothschild banking dynasty.

Something analogous occurred in England when the century-long competition of the **Barings** and the **Rothschilds** culminated in the failure of the former in 1893; but in this case the Rothschilds came to the rescue of their rivals and prevented a universal financial catastrophe. It is a somewhat curious sequel to the attempt to set up a Catholic competitor to the Rothschilds that at the **present time the latter are the guardians of the papal treasure**.

Baron Jacob Rothschild is a noble under the British Crown and he was also knighted by the House of Windsor. The Rothschilds are probably worth tens of billions in assets and private bank accounts although many propagandists claim they are worth 500 trillion. The royals and nobles of Europe are collectively worth trillions and they conceal their wealth in assets like gold, silver, and art as well as in corporate shares through proxy holding companies and in

private bank accounts in Switzerland, Luxembourg, and Liechtenstein. The Rothschilds work for royals and nobles which funnel their criminal wealth through Rothschild banks.

David Lau is the Chief AshkeNazi Rabbi of Israel and one of the most evil devils in Israel today. David Lau is extremely insolent and he spews out constant lies and false accusations against people who oppose Saturn worshipping Zionist tyrants. David Lau cannibalizes babies and drinks their blood and the proof of this is in the Talmudic

practices of circumcision called Brit Milah. They also have a meal after they remove the flesh of babies. It's obvious what they are eating. Not only is the Brit Milah ritual pedophilia and vampirism but it has also caused deaths of babies through spreading viruses.

[https://en.wikipedia.org/wiki/Brit\\_milah](https://en.wikipedia.org/wiki/Brit_milah)

**The brit milah** (Hebrew: בְּרִית מִילָה, pronounced [bɪt mi'la]; Ashkenazi pronunciation: [bɪs 'milə], "**covenant of circumcision**"; Yiddish pronunciation: bris [brɪs]) is a Jewish religious male circumcision ceremony performed by a mohel ("circumciser") on the eighth day of the infant's life. The brit milah is followed by a **celebratory meal** (seudat mitzvah).

A scalpel is used to detach the foreskin. A tube is used for metzitzah. In addition to milah (the actual circumcision) and p'riah, mentioned above, the Talmud (Mishnah Shabbat 19:2) mentions a third step, metzitzah, translated as **suction**, as one of the steps involved in the circumcision rite. The Talmud writes that a "**Mohel (Circumciser) who does not suck creates a danger**, and should be dismissed from practice".[33][34] Rashi on that Talmudic passage explains that this step is in order to **draw some blood from deep inside the wound** to prevent danger to the baby.[35]

Their current titles of Baron and Baroness are from the Habsburgs.
